3rd October 2015

Glenorchy Fishing Comp.

School Cross country (last Friday)

What a fabulous day it was in paradise, the sun was shining, the kids were running and the supporters were cheering. Well done everyone and thanks for all the support with marshalling. It's always good to have an enthusiastic audience when completing a run.

Our Marshalls pick up the rear!

Year 1 & 2's—1st—Hazel Mason, 2nd—Jazmine Baker, 3rd—Dylan Grubb

Well done to all!!

Audi Quattro Winter Games

The senior class won a prize in the Winter Games poster competition for their collective work. It was a great night on the mountain with a good number of the Senior Class participating in night skiing.

Load of Rubbish—Our School Musical

The school show is not far away now and it's starting to come together and look like a musical. The school is blessed with singers and we are finding out that they are good dancers too.

Remember all students will need black pants/leggings and a black long sleeve thermal for under their costumes.

16th September is the matinee

17th September is the evening performance

\$5 per ticket for adults - (these will go on sale soon)

Gold coin for children

Thanks to all the businesses and community members who are helping to make this show a success.

Science Fest

The year 7 and 8s are off to Queenstown to participate in the Science fest and attend workshops on biology, food technology and physics - what a great opportunity.

Glenorchy Fishing Competition—Help Required please!

3rd October

Many hands make light work - please volunteer a couple of hours - if you can please contact a member of the PTFA. Sonya, Sarah, Gorette or Candi.

As part of the Queenstown Research Week our Year 7 and 8's are enrolled to participate in the Science workshops run by the University of Otago.

Tuesday 1st September 2015 and Wednesday 2nd September 2015 at the Queenstown Memorial Centre from 10am to 2pm.

An opportunity for children to do real science with working scientists. These interactive workshops will be run by the University's chemistry, physics, geology, microbiology, food science, zoology and physical education departments.

At 3.30pm the hall is open to the public to try their hands at being scientists.

Experience a new culture

Make new friends and learn a new language at home

Host family opportunities

In January, students aged 14 – 19 years from over 25 countries will be arriving in New Zealand to study at local schools for 3, 5 and 10 months. Opportunities are available to act as a host family in a volunteer/unpaid capacity. Hosting can be on a temporary, short or long term basis.

Host families help provide each student with the chance to study and experience life in New Zealand. This is a great way to practice your language skills, share your stories, learn about another country and culture, establish a lifelong link to a family in another country and contribute to international goodwill.

Our students bring with them their own spending money, health insurance and a wonderful attitude and desire to learn about their new host country. Your whole family...and your relatives and friends...will grow and learn as you all get to know your new 'son' or 'daughter' from another land. If your family can offer a friendly, supportive and caring home environment, contact us today.

To learn more about this opportunity call Student Exchange Australia New Zealand on 0800 440 079 or visit our website. <http://studentexchange.org.nz/host-a-student>
