

**Thanks from Iris** to everyone who donated towards her trip on the TranzAlpine train! She finally made it there last month, and even better, was able to do the trip with her friend Anne who was the only other woman to graduate from vet school the same year... 1969 that is.

The ladies travelled from Christchurch to Greymouth, had lunch at the

Monteith's pub ▲,

and came back again! Even better,

this trip followed a full  
◀ class reunion of all  
the vets (well, most of  
them) who  
graduated that year.

Thanks so much to  
everyone who  
contributed.
