## APRIL 2023 PROPERTY UPDATE

## Your market

### In April

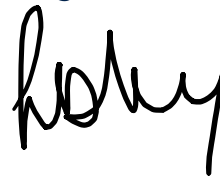

Owner occupiers are the most active buyer pool — those who are cashed up are in the best position to buy. Open homes were quiet over April, although this is expected due to public holidays like Easter and ANZAC day. Despite this, buyer interest in the region remains constant, especially from the North Island due to the desirability of Queenstown and Arrowtown Wards and their lifestyle offerings. Local salespeople say that tourism in the region is rebounding strongly, the building sector is busy, and this bodes well for good momentum going into the winter months.
