THURSDAY
14TH
APRIL

Dick & Diana Hubbard are new Glenorchy part time locals having recently bought a home in the area. They are a formidable team and are the oldest couple to have ridden two up around the world twice by motorcycle. They covered 86 countries, 250 thousand km, North, South, East and West. But they still say the road from Queenstown to Glenorchy is the best!

Join us to hear their stories and see their photos—from many extraordinary motorcycle rides they have taken around the world.
