

As part of

## Aotearoa New Zealand Repair Festival 2025

Sustainable Glenorchy Inc will be having a

### Repair Event

**When:** Saturday 13 September  
10am -1230pm

**Where:** Glenorchy Hall

Volunteers will carry out electrical, mechanical, clothing and toy, small household item, small furniture repairs and/or give advice as to how to repair your item. It will be free of charge, following Repair Cafe Aotearoa guidelines, Volunteer repairers are entitled to decline to repair items at their discretion.

*The right to repair is a growing movement across the world. It's about giving people the tools, skills and legal support to fix their own stuff, from toasters to tractors, instead of sending them to landfill. Together, we're challenging throwaway culture and making repair the norm.*

*Our event is part of a national movement supporting the right to repair. It's about community, climate action, and caring for what we already have.*
