What was the Ngāi Tahu Treaty of Waitangi claim – Te Kerēme – all about? And why did it take 150 years to resolve?

Good questions, among many that professional historian and Te Rūnanga o Ngāi Tahu (TRoNT) representative Dr Mike Stevens will address during his Catalyst Kōrero.

Mike will also outline the origins of the South Island's primary iwi, the 10 extensive regional deeds Ngāi Tahu entered into with the Crown between 1844 and 1864, how and why the Crown did not honour these, and with what consequences.
