**Sustainable Glenorchy Inc** would like to present an opportunity for the community to get together again, and to celebrate our third Harvest Festival.

A sausage sizzle fundraiser will be available, with proceeds to go to the Lakeside Community Centre (playgroup, pool etc).

Please bring a plate of food to share as well if you have the time. We will provide tea, coffee, milk, and encourage you to use Hall cups, plates and cutlery to lighten our environmental footprint.

Suggestions on how you think we can achieve our sustainable goals will be welcome. Visit the Sustainable Glenorchy table to find out more about how you can learn what we do, become a member (\$5 per person or \$10 per family) and contribute ideas.

We will always work towards Glenorchy being a place where the air, water and soil are kept clean for future generations, and we encourage your attendance at our workshops and visiting the stalls.

There will be no cost, though you may see donation boxes to cover basic costs of materials where relevant.
