

Call for stallholders

Sustainable Glenorchy Inc is having our Harvest Festival on Easter weekend.

Date: Saturday 4 April

Time: 10am - 230pm

Place: Glenorchy Hall

What we'd like to see: Our talented community members showing what they are doing that's sustainable and encouraging others to do the same. If you would like to have a table and possibly share some written information, we'd love you to contact us.

This festival is free to all, with a view to providing information as well as a fun community gathering where people can also share excess produce and give away secondhand goods.

Please email sustainableglenorchy@gmail.com, or text Karen at 022 499 4292 with your email address (so you can be kept in the loop) and give a little information as to what you would like to display.
