

Glenorchy Roadside/Lakeside Clean-up

Come and join Sustainable Glenorchy members on our autumn clean-up session. 

Where: Meet on the deck outside the Hall

When: Saturday 10 May
9am start (likely finish by 1030-11am)

Why: Feel good about doing something for our community
Get to hang out with some other locals

What to bring:

- Family and friends 
- Gloves 
- A box or bucket or other reusable container for the rubbish 
- If you have one, a high-vis vest 
- If you have one, a litter-picker

What's provided:

- We have borrowed seven litter kits from the library, so if you don't have your own high-vis vest or litter picker, come early and grab one

How it works:

- When you arrive, we'll decide by mutual agreement which area in the township or on the lagoon walkway or lakeside or roadside you and/or your group will manage, and off you go.
- Try to keep recyclables (tins and glass) separate from landfill
- Empty your litter at any of the public rubbish bins.
- Return any borrowed items to the Hall before heading home.

See you there!
