

## School News

Ko te ra maeneene, a te rahui Tangaroa.

On a calm day Tangaroa rests.

No matter what the turmoil, there are always periods of calm.

### School Website

The school will have a website come next week. The Board are re-issuing media consent forms to all families so that permission is clear when using images of our children.

Eventually this site will have a student blog, a calendar and lots of other exciting bits to keep you informed.

Your child/children will bring home the media consent form today so please go through it carefully, tick the appropriate box, sign and return as soon as you can so we can get the website live!

### Glenorchy School Cross Country

School cross country will be on Tuesday 19th September at 11am.

### Wakatipu Inter-school Cross Country

**Wow** - Congratulations to the whole Glenorchy Inter-School team, Harvey, Ruby, Sadie, Caitlyn, Toby, Stone and Ben, with a special mention of Harvey and Ruby as they came third. They raced particularly well and stood on the podium to receive their hard won medals.

Well-done.

### Regional Camp

After much discussion and the staff visit to Riverton, we have decided to take the year 0-3 next year in February when the weather is warmer and camp can be planned to meet their needs.

This years school camp is for the year 4 to 8s. We are off to Riverton to follow up on our Geology and sea themes.

Dates are:- Tuesday 31st October - Thursday 2nd November

Parent Help:- The parent help required for camp is one to eight.

Parents who can drive a mini-van, get in the surf, get really excited about geology and the coast, positively pitch in to help at a variety of tasks, sleep on the floor or in tent, take responsibility for a group and engage with the students are the parents who will have the most fun in Riverton.

Number of parents required is 4 however, there is a few extra spaces available.

The cost of the camp is \$100.00 per student.

Medical and permission slips along with a gear list and itinerary will follow shortly.

Please email [principal@glenorchy.school.nz](mailto:principal@glenorchy.school.nz) if you wish to come or have any questions or queries.

## DATES

### Term 3 Starts

27th September

### Public Nurse Visits

11 September

### School Cross Country

19th September

At

11 a.m

### Term 3 Ends

29th September

### Term 3

At the end of term 3 we invite the parents along to see a performance or something along those lines. This term although we have started music and have made some short animations we thought we would keep them for the finale in term 4.

However, you are more than welcome to come in and make a time for your child to talk you through what they have been doing at school and to chat with Andrew, Helen or I.

**Allie, Helen, Andrew, Jenny and Gorettie**

### Other News

#### QUEENSTOWN TENNIS CLUB

#### JUNIOR OPENING DAY

Sunday 24<sup>th</sup> September 2017

1pm-4pm

QTC, The Gardens, Queenstown

All junior tennis players and kids interested in taking up the sport are invited to the Queenstown Tennis Club junior opening day, for an afternoon of fun and games.

QTC coaches will be on hand to offer advice on coaching programmes and equipment.

We'll also have a sausage sizzle during the afternoon.

So, come along, enjoy a run-around and find out what the club and tennis in general can offer.

For all club information, go to

[www.queenstowntennisclub.co.nz](http://www.queenstowntennisclub.co.nz)

inSight is back! Book yourselves in for a weekend of discovery... Saturday and Sunday, September 2-3.

How will we live in the future? How will our town shape us – and how will we shape our town? Is it a question of reinvent or die?

Catalyst Trust has experts looking at the big issues – like technology, health, education, resort life-cycle and how we can design the most liveable town – so that we can understand some of the options we have ahead of us.

Doors open at 10 a.m. both days, official programme starts at 1030. Keynote speakers plus:

The opportunity to see the top projects from all Wakatipu's primary and secondary schools looking at our future through their eyes.

Hear students' future-focused TEDish talks. And view short films from the Centre of Science Communications.

inSight - a sneak peek into our future, Queenstown Memorial Centre. More information at <http://www.catalystnz.org> and keep an eye on our [Facebook page](#)
