

As part of

Aotearoa New Zealand Repair Festival 2026

Sustainable Glenorchy Inc will be having a

Repair Cafe

When: Saturday 5 September

10am -12noon

Where: Glenorchy Hall

Volunteers will carry out repairs on electrical, mechanical, clothing and toys, small household items and small furniture and/or give advice as to how to repair your item. It will be free of charge, following Repair Cafe Aotearoa guidelines

Volunteer repairers are entitled to decline to repair items at their discretion.

- *The right to repair is a growing movement across the world. It's about giving people the tools, skills and legal support to fix their own stuff, from toasters to tractors, instead of sending them to landfill. Together, we're challenging throwaway culture and making repair the norm.*
- *Our event is part of a national movement supporting the right to repair. It's about community, climate action, and caring for what we already have.*

Visit repairnetworkaotearoa.org.nz/ for more info.
