

Community Resilience Discussion

Where Supper Room

When 5pm, Thursday 27 August

What to bring Food to share. A small amount of firewood if possible.

Sustainable Glenorchy will be hosting a further discussion, open to all, followed by a shared meal on Thursday 27 August at 5pm in the Supper Room at the Hall.

It will include:

1) Amanda and Mark talking about their 35+ years of experience in Glenorchy with some specific easy-to-use grow vegetables for the beginning home gardener, when and how to plant, and how to care for the soil naturally before and after growing.

2) Chris Hatton helping us further explore the pros and cons of a community microgrid and potential alternatives.

The evening is about sharing knowledge and experience to help our community be more resilient in the long term, and getting together because it's enjoyable!

Whether you have ideas to contribute or would just like to know more, we'd love you to come.
